

Beginner's Drawing Series

Students will learn to draw using basic shapes to create birds, trees, animals, houses, flowers, chairs, and much more.

From that point, we will explore perspective, shading, dimension, and elements of design.

We will also experiment what some call "doodling" and some call "zentangle". Both are super elements for relaxation and fun, as well as giving our arm and hand muscles some workouts!

3 class series: Mondays, 10:00am-11:30am

September 23, 30, and October 7

Gale Free Library, Program Room

Registration required— please stop by the Reference desk, or call (508)210-5569

Must be 18 years or older to attend.

About the artist~

Andrea Driscoll has been a teacher for many years, and has also been a fundraiser for major non-profit organizations. Her passion is finding ways to express the beauty of nature through art, whether it is in painting, drawing or printing or fiber. She is a graduate of Lesley University, Cambridge. Currently, she teaches acrylic painting at the Sterling Sr. Center, Clinton Sr. Center, and youth art classes at the Listening Wellness Center in Barre. Andrea is a resident of Sterling and chairs the Sterling Cultural Council and is also a leader in developing
